- General Contracting & Construction Management
- Design-Build Services
- Residential & Commercial Construction
- Community-Focused Initiatives
- Renovation & Remodeling
- Government & Public Sector Construction
- Sustainable & Green Building Practices
- Project Management & Consulting

Differentiators

- **Purpose-Driven Development** – We integrate social impact into construction, ensuring projects contribute to community well-being while maintaining ethical and sustainable practices.
- **Experienced Professionals** – Our team comprises skilled architects, engineers, and construction experts with a collective experience of over 30 years in the construction industry.
- **Community Commitment** – We support underserved populations through the B369 Building Bridges Initiative and invests in workforce development with the B369 Blueprints for the Future Training Program.
- **Sustainable & Innovative Solutions** – When applicable, implement LEED-compliant, energy-efficient construction practices, smart building technologies, and waste reduction strategies.
- **Comprehensive Project Execution** – We offer design-build services, project management, and strategic partnerships to deliver residential, commercial, and government projects on time and within budget.

Past Performance

- B369 Construction has a proven track record of delivering high-quality residential and commercial projects through comprehensive project supervision, full-scale construction development, and architectural planning. Our expertise spans from overseeing multi-unit residential builds to designing commercial spaces that meet functional and aesthetic requirements.
- **Key Windy Way, San Antonio, TX** – Provided project supervision for the construction of six duplexes, ensuring quality control, adherence to timelines, and coordination between subcontractors, suppliers, and stakeholders.
- **Meadow Creek Cir Development** – Led the full construction development of this residential project, managing everything from site preparation and structural build-out to final finishes, ensuring a seamless process from concept to completion.
- **Architectural Plans for Residential Projects** – Designed and developed architectural plans for various custom homes, including 1125 Cordova Bend, Canyon Lake, TX, and several others for Faro Homes LLC, tailoring designs to meet client specifications while incorporating sustainable and energy-efficient solutions.
- **Commercial Warehouse Design** – United American Financial Group – Delivered a functional and efficient warehouse design, optimizing space planning, structural integrity, and workflow efficiency to meet commercial operational needs.
